China and Japan Affray.

A Japanese steward and a Chinese cook appeared in the District Court this morning, the latter complaining that the former assaulted him with a weapon obviously and imminently dangerous to life, to wit, a hatchet, on June 14th. Both men were employees of Mr. J. H. Paty. The Jap was found guilty and sentenced to be imprisoned at hard labor sixty days and pay \$1 fine. A. P. Peter-son, his counsel, noted an appeal. The defendant showed a contusion on the back of the head which Dr. Peterson described as having been made by a blunt instrument, probably a hammer. The Chinaman did not show a scratch.

SECOND OF THE LINE.

Call of S. S. Warrimoo on Voyage from Sydney to Vancouver.

The Canadian-Australian Co.'s S. S. Warrimoo, flying the royal mail flag, entered Honolulu harbor at 4:30 Saturday afternoon. Purser Young furnished the following re-

port of the voyage thus far:
"The Warrimoo left Sydney on the evening of Saturday, June 17, at 6:40 p. m., calling at Brisbane and leaving there at 5:30 on 19th, thence resuming her journey to this port. The Warrimoo is under the command of Lieutenant J. C. Arthur, R. N. R., and the following officers are associated with him: Messrs. R. E. Arundell, chief officer, J. W. Lawrence, second, J. D. S. Phillips, third, and W. Anderson, fourth. The engine room is under the care of Mr. David Wilson, whilst Mr. T. B. Young discharges the duties of purser, and Mr. Walter Macfarlane chief steward. From Sydney to Brisbane fine weather was experienced, with light westerly winds, thence to New Caledonia light northerly and from that out moderate to stormy N. E. winds; no S. E. trade winds experienced. The Warrimoo made the passage from Sydney via Brisbane to Honolulu in

warrimoo had ten horses, the latter to be sold at Vancouver; the animals were all in good condition. The cargo shipped from this port consisted of 3600 bunches bananas, 220 cases or 40 tons of pineapples, 50 tons rice, 450 watermelons, 8 bags cocoanuts and 3 tons sweet potatoes. The Warrimoo resumed her voyage to ouver between 9 sale and that offici.

Mr. James Huddart, managing owner of the new line, was on board. A representative of the Bulletin had a pleasant interview with him. He is a younger man than anticipation figured, very courteous and genial.
Mr. Huddart said he was going
through to England, and would of course return by this line.

"Is the line established for a certain time?" was asked. "I hope it is established for all

time," was the confident reply.

Mr. Huddart added a statement of the good news, already received here | Chief Engineer Hustace and the The grocery firms of Herry May by the Miowera's mail from Van- & Co., H. E. McIntyre & Bro., Lewis & Co., Chas. Hustace and Henry already granted aid to the extent of \$60,000. He was delighted with the enthusiastic reception given to the pioneer steamer in British Columbia. GLOVE FIGHT TO FINISH.

Barrowich Defeats a Second Man from the Boston.

Two middleweights, Jack Marks, from the U. S. S. Boston, and Barro-wich, a fighter well known on the self from her deadly peril. Pacific Coast, fought for a purse of \$100 on Saturday afternoon, only a favored few being present to witness it. The set-to took place at the bath house near the Marine Railway. A temporary ring was pitched and Marquis of Queensbeery rules governed. There was very little of preliminary and the men soon got down to work. Marks was the heavier man of the two, but he lacked the quickness of his opponent, who made lightning passes at him. Barrowich's peculiarity in his fighting is his tapping tactics. He very seldom struck out from the shoulder. Barrowich secured first blood in the initial round, and held the honors.

In the second round Barrowich was taken unawares by a right-hander, but came up at the end of the round blooming. In the third round Marks was fairly slaughtered, and fell on the ground. Failing to rise within the limited time of ten seconds, the fight was awarded to Barrowich.

The battle was for a purse of \$100. Barrowich, who is not twenty years of age yet, previously defeated E. J. Norcott, also of the Boston.

Hawaiian Actor Been Ill.

The New York Dramatic News has the following item about a Hono.

"Charles B. Poor, who has been lying ill (at one time critically so) at the Post-Graduate Hospital in 26th street, for the past six weeks, is now among the convalescents. The doctors are doing their best to prepare him to get out on his feet and into the country, where pure air and fresh food will do more than medi-

High-Handed Interference with the

Liberty of the Subject. Marshal Hitchcock sent for J. Libornio, bandmaster of the Hawai-ian National Band on Saturday, and gave him strict orders not to allow any of the members of his band to play in any public place or street. Wm. Aylett, leading cornetist, hearing of the Marshal's mandate, called on him this morning to ascertain if such report was true. The Marshal told him that it was. The band is prohibited from playing in any pub-lic place without first notifying and gaining the consent of the authorities. The Marshal stated he had received instructions from those above him, although he would not state who the authority was.

As twenty-two members of the National Band were to leave on the steamer Likelike this afternoon for the Maui races, being engaged to play on the track and at the annexation club ball, they were placed in a quandary as to what to do.

Another thing which worried them to-day was a report that they would not be allowed to take passage on the steamer unless they paid their personal taxes which are now due. Three of the musicians called at the Tax Assessor's office and that official

however, that they were not going, Aylett does not believe he can get them together in time for the steamer this evening.

GROSS LACK OF CARE.

in Two Persons Being Severely Burned.

Ward 3 was struck by the Bell Tower alarm yesterday evening at 8:45 o'clock. It turned out to be a fire in the rear of a Chinese store near the Kawaiahao church. two engines responded promptly, but the fire had been put out by a number of excited native women When the chief engineer entered the house the room was in darkness and women were throwing buckets of water in the direction of the bed Finally a light was secured, when a pitiful sight was witnessed. A little half-white girl was found on the bed scorehed about the head, arms and legs. The right arm was raw. the skin having peeled off, and one but I hope the financial difficulties will be adjusted satisfactorily before long."

Mr. Huddart could not throw any light on the Pacific cable prospects, when reference was made to news of a Franch stranger's tasting to the skin naving peeled off, and one of the legs was in the same condition. One of the women who rescued the girl had her right arm badly burned also. A hack was called and the girl and woman were taken to the Queen's Hospital for medical treatment.

The cause of the fire is a mystery girl while endeavoring to get out of bed. There was no one else in the room at the time, the other tenants being in another building. being in another building. They were attracted by the child's cries and rushing in saw the mosquito bar and bedding in a mass of flames,

The unfortunate child is a little over five years of age, and the daugh ter of Wm. Boy, assistant engineer on the steamer Lehua.

THE KALALAU EXPEDITION.

Two Lepers Surrender to the Acting Deputy-Sheriff.

The arrival of the steamer Mikanala from Kauai yesterday morning was awaited with eager interest by a crowd of people. When the Mika-hala arrived the first question was with regard to the Kalalau lepers. The Mikahala left Makaweli on Saturday morning, and before leaving a telephone message was received from Waimea that two of the lepers had surrendered peaceably to acting Deputy Sheriff Blackstadt of Waimea, and a posse of police. The Mikahala touched at Nawiliwili but nothing further than that mentioned was learned. The steamer Waialeale with the

expedition on board arrived at Hanaei early Saturday morning and left later, expecting to arrive at Kalalau in the afternoon. Further news in regard to the expedition will probably be brought in a few days.

Captured and to be Carved.

Mention was lately made that Chief Ranger Cunningham of the Anchor Saloon was on a hunt for turkeys, dead or alive. Information has been received which proves that Col. Cunningham's efforts with the aid of Capt. J. H. Black have been successful, the turkeys have been captured and will be carved and served up for patrons of the Anchor Saloon to-morrow, July 4th, at noon.
